

Wholesale Acquisition Cost Information for Connecticut Prescribers

TARPEYO® (budesonide) delayed-release capsules

Calliditas Therapeutics AB remains committed to the transparency in its pricing, and in accordance with Connecticut Public Act No. 23-171, has provided the wholesale acquisition cost (WAC) of TARPEYO for prescribers and pharmacists.

PRODUCT	NDC	DOSAGE FORM	STRENGTH	UNIT SIZE	WAC*
TARPEYO	81749-0004-01	Delayed-release (enteric-coated) capsule	4 mg	120	\$162.14

Wholesale Acquisition Cost (WAC) is the sale price to wholesalers before any discounts or rebates. The actual cost to patients varies based on their insurance coverage. For the exact cost of a prescription, patients should contact their insurance company or pharmacy.

*Pricing as of August 2026. Pricing information listed does not imply safety or efficacy of the product, and no comparisons should be made.
